

PSYCHOLOGY, CRIMINAL JUSTICE & LAW ENFORCEMENT

# Department of PSYCHOLOGY, CRIMINAL JUSTICE & LAW ENFORCEMENT

**Mission Statement**

The mission of the Department of Psychology, Criminal Justice & Law Enforcement is to prepare students through Christ-centered curriculum for occupations or advanced study in their fields of interest.

## Criminal Justice Major Bachelor of Arts or Bachelor of Science

The Criminal Justice program educates students in the fundamental concepts, knowledge, and skills of the criminal justice system with a biblical curriculum focused on service, integrity, and the development of leadership in the field. A Christ-like heart for public service and ministry is at the heart of the coursework. Students will examine the policies, principles, and social dynamics that shape the system of law and justice in the United States. This major builds on a foundation of psychology in addition to practical knowledge of law enforcement and criminal justice. This degree also lays the foundation for further graduate study in law or social work.

## Psychology Major Bachelor of Arts or Bachelor of Science

The Psychology program prepares students within a Christian context by educating them in four domains: psychological knowledge, scientific methodology, ethics, and communication skills. “Great are the works of the Lord; they are studied by all who delight in them” (Psalm 111:2). Psychology is the study of God’s greatest work—humankind. The discipline of psychology seeks to understand the nature of human development, motivation, thinking, learning, and emotion. An accurate picture of man must include the study of Scriptures; therefore, the study of psychology is made complete by integrating it with biblical principles. Furthermore, the study of psychology enables students to see themselves as persons of worth and significance. The study of psychology has practical value for Christian service. As we better understand people, we are more effective in our ability to minister to them. Students may earn a concentration in Forensic Psychology or Marriage & Family Counseling. Research and internship experiences help provide added value to their education. The degree is granted upon completion of credits specified on pages 46–47 (40 credits must be in 3000- or 4000-level courses).

- **Social Sciences** course in core curriculum must be selected from subjects other than psychology.
- **Natural World** mathematics course in core curriculum: PSY3208.
- **B.A. option** requires achieving 1002-level competency in an approved foreign language. See page 45.
