

**BIBLICAL & THEOLOGICAL STUDIES**

## Department of **BIBLICAL & THEOLOGICAL STUDIES**

**Mission Statement**

The Department of Biblical & Theological Studies seeks to equip students for ministry and Christian living by studying what the Bible says, learning how to interpret and apply it, and thinking about theological, philosophical, and ethical issues from a biblical perspective.

The department further specializes in advanced training for students who want to excel in biblical studies, theology and philosophy.

The Department of Biblical & Theological Studies offers the following degree programs: Bachelor of Arts in Biblical and Theological Studies, Bachelor of Arts in Philosophy, and an Accelerated B.A./Master of Arts in Theological Studies (MATS). Students may add a minor in Ancient and Classical Languages, Bible, Philosophy, or Science and Theology. A Certificate in Bible, a second major in Bible, and an Associate of Arts & Bible are also available.

**Zondervan/University of Northwestern Awards**

With the intent of inspiring students in their studies, Zondervan Publishing House initiated annual award programs to recognize outstanding achievement in the study of biblical Greek, biblical Hebrew and theology. University of Northwestern has entered into a participation agreement with Zondervan, according to which the Biblical & Theological Studies Department establishes selection criteria and the university presents these awards at the yearly Honors Convocation. The winners receive the prize of a Zondervan product, a commemorative item and the recognition of having his/her name engraved on a perpetual plaque displayed in the Berntsen Library. Northwestern has an additional Ancient & Classical Languages Award for an advanced language student each year. For more information, contact the chairperson of the Department of Biblical & Theological Studies.

**Accelerated/Dual Degree Graduate Program**

Undergraduate students in our department may apply to add a graduate degree with as little as one additional year of study.

**Accelerated MATS**

The department offers an accelerated pathway from the Biblical and Theological Studies major into the Master of Arts in Theological Studies (MATS). Students will save time and tuition by integrating two existing programs. Overlapping credits are applied toward both the undergraduate degree and graduate degree. Students complete 14 credits of graduate coursework within their undergraduate major. After graduating with their B.A. degree, students then complete the remaining 22 graduate credits in the evening or online. Accelerated graduate program requirements are listed following the Biblical and Theological Studies major description.

This B.A./MATS program is designed to prepare men and women for ministry in a church, para-church, or academic setting. Students complete advanced courses in theological methods, biblical interpretation, theology, and biblical languages.

The program may culminate with the writing of an optional thesis guided by a faculty mentor that contributes to one of three fields of study: Old Testament Studies, New Testament Studies, or Theological Studies. By the end of this program, students will have improved skills in research, critical thinking, project management, and writing. This preparation is especially helpful for students who are considering doctoral studies.

The total program requires 147 credits (125 credits for the B.A., 22 remaining credits for the MATS). Upon completion of all undergraduate requirements, the B.A. in Biblical & Theological Studies is awarded. This B.A. degree must be completed prior to enrollment in the MATS program. Upon completion of the remaining graduate requirements, the MATS degree is awarded. B.A. requirements are specified on pages 48–49 (40 credits must be successfully completed in 3000- or 4000-level courses).

**Policies**

Students wishing to enroll in the accelerated M.A. in Theological Studies program must first be admitted to UNW and then apply for the accelerated program through the Biblical & Theological Studies Department during or after their sophomore year. Graduate-level courses taken within the undergraduate program must be completed with a grade of C or better in order to fulfill graduate degree requirements. Upon completion of the undergraduate degree, students apply to Graduate Studies and then complete the remainder of their graduate degree. Requirements for the MATS are listed in the graduate school catalog.
