Our online psychology degree may be the right fit if you...

- ▶ Desire to gain an in-depth understanding of human behavior
- ▶ Value faith-infused curriculum that enables you to apply psychological principles from a Christian perspective
- ▶ Appreciate an online format that fits your busy life

Why study psychology at Northwestern?

Our bachelor's in psychology is intentionally designed to be both **realistically attainable** and **undeniably valuable**. Discover an online psychology degree that provides a theoretical and applied understanding of psychological principles to prepare you for graduate study in psychology or entry-level positions in helping professions.

Program Features

- ▶ Practical degree that examines the science of human behavior and mental processes
- ▶ Expert faculty who are practicing clinicians in their fields
- ▶ Faith-infused curriculum that interlocks faith and purpose

COLLEGE OF
GRADUATE, ONLINE
& ADULT LEARNING

“UNW equipped me with an extremely solid base of knowledge and understanding in the field of psychology. **The degree provided tools, concepts, theories, and practices that can be incorporated into all of my current and future work.** Understanding how and why we function the way we do as human beings is fascinating, in addition to understanding how to best optimize and utilize that information from a biblical, theological and psychological perspective.”

- Tryenyse Jones | Graduate Class of 2021

Concentrations

Leverage your psychology degree in the marketplace by pinpointing your area of study. Customize your program by selecting your preferred concentration:

HEALTH PSYCHOLOGY

Students complete 16 credits specific to Health Psychology. Gain the theoretical background of how psychological, behavioral, cultural, and social factors influence health and wellness. Plus, examine stress and pain interventions as well as the role of stress and lifestyle choices and how they affect our well-being.

MARRIAGE AND FAMILY

Students complete 16 credits specific to Marriage and Family. Examine foundations for family communication, problem solving, and relationships; a systems perspective on family dynamics and their impact upon marital quality and the family; as well as counseling and intervention strategies.

GENERAL (NO CONCENTRATION DECLARED)

Students complete 16 credits in related coursework. (A transfer friendly option for students who have completed coursework related to their degree).

Career Opportunities

Earning a psychology degree online at UNW will prepare you for roles in human services, business, and health services, including:

- ▶ Case manager
- ▶ Career counselor
- ▶ Criminal investigator
- ▶ Home care aid
- ▶ Mental health counselor
- ▶ Psychiatric aide
- ▶ Psychiatric technician
- ▶ Psychologist
- ▶ Social services aid
- ▶ Social worker
- ▶ Substance abuse counselor

*Roles in some settings may require additional education or training.
