

Comparing Majors

Choosing a major is a process, not a one-time event.

You'll need:

- UNW course catalog, available on theROCK under the Academics tab (bottom left).
- “What Can I Do with a Major In...” handouts for each major you are researching. Printed versions available in Career Development, electronic versions available on the Career Development tab of theROCK.
- Onetonline.org

Instructions:

1. Choose 2-5 majors by viewing the first page of the course catalog .
2. Use the resources listed above to rate each major in the listed categories on a scale from 1-10.
3. Make an appointment with a career coach and bring this chart with you!

Name of Major					
Interest in Courses Go to the catalog on theROCK (see instructions above). Read and rate both the course names AND course descriptions in the back. Do the courses seem interesting?					
Ability to Succeed in Coursework After reading the courses and descriptions, rate your ability to succeed academically.					
Related Jobs Review the jobs on the “What can I do with a major in...?” handouts. Research jobs on onetonline.org as well. Do these jobs seem interesting?					
Overall Impression After reviewing the coursework and jobs, what is your overall impression?
